## OBJECTIVE

Self-motivated and hardworking fresher seeking for an opportunity to work in a challenging environment to prove my skill and utilize my knowledge & intelligence in the growth of the organization

## EDUCATION

B.Tech in Computer Science | SAM College of Engineering and Technology Bhopal, (RGPV) 2020 - 2024

## SKILLS

**Frontend** HTML5, CSS3, JavaScript, React.js

## EXPERIENCE

**MERN Stack Developer Intern** Nov 2024 – Apr 2025

YPSILON IT Solutions Pvt. Ltd. *Indore*

- Worked on a web application using HTML, CSS, JavaScript and MongoDB to build dynamic and interactive websites.
- Implemented user authentication and role-based access for secure logins.
- Developed frontend and backend features to improve user experience.
- Completed daily tasks and collaborated with the team to meet project deadlines

## PROJECTS

### 1 Shipping War Web App

Built a responsive E-Commerce platform using the MERN stack, allowing users to browse products, manage their cart, and place orders. Included admin access for product and order management

- React frontend with dynamic routing and product filtering
- Secure authentication using JWT
- Node.js + Express.js backend with REST API
- MongoDB for storing users, products, and orders

### 2 Food Delivery Web App

A full-stack food delivery web application where users can browse food items by category, add them to a cart, and place orders. The app uses JWT for secure user authentication and MongoDB for database management.

- React.js Frontend with Component-Based Architecture
- Dynamic Food Display by Category
- MongoDB Integration with Mongoose

## ACHIEVEMENT

- Certifications: MERN Stack (Universal Informatics, 2025)
